WILL YOU BE MY *Valentine?*

TO MY LOVE, IPSHI

I would love to be your valentine this year (and every single year of my life). This is me officially asking you to be my valentine for the first time ever. Thankyou for being my girlfriend (even though I've never asked you). I am so grateful for you my love. You're the best girlfriend I could ever ask for. Please be with me forever and spend our lives together. Please consider my application to be your valentine.

I love you.
